Girl you say you love me  
Where is the love?  
I'm dying to know  
When you, you say you love me  
Prove it to me, girl prove it

Girl you know that my love (love)  
Is for you (you)  
And it's real (real)  
If you'd take the time out  
Then you'd see what I mean  
Love and attention  
It's all I have, it's all I have to give  
With a lot of affection for you girl  
I want you in my world

You're no ordinary rose  
I miss that soft touch from your finger  
Baby when the night is cold  
I should be there to keep u warm  
You're no ordinary rose  
In my mind all the memories linger  
You should be here with me  
You should be there with me

I can see it in your eyes  
That you're still wanting me  
But you're playing tough  
Acting like I can't see  
This love and attention (love and attention)  
It's all I have, it's all I have to give  
With a lot of affection (lot of affection)  
(Oh girl), I want you in my world  
(Girl you know)  
You're no ordinary rose  
I miss that soft touch from your finger  
Baby when the night is cold  
I should be there to keep u warm  
You're no ordinary rose  
In my mind all the memories linger  
You should be here with me

You should be there with me

This love is real, (so real)  
So real, (so real)  
So real, (so real)  
So real

(I know you can feel it baby)  
Can you feel it baby? (Ooh Yeah)  
I need to know (Ooh Yeah)  
I need to know  
Cause there ain't no letting go  
No no

(Girl you know)  
You're no ordinary rose  
I miss that soft touch from your finger  
Baby when the night is cold  
I should be there to keep u warm  
You're no ordinary rose  
In my mind all the memories linger  
You should be here with me  
You should be there with me

You're no ordinary rose  
I miss that soft touch from your finger  
Baby when the night is cold  
I should be there to keep u warm  
You're no ordinary rose  
In my mind all the memories linger  
You should be here with me  
You should be there with me

I can see it in your eyes  
That you're still wanting me  
But you're playing tough  
Acting like I can't see  
This love and attention (love and attention)  
It's all I have, it's all I have to give  
With a lot of affection (lot of affection)  
(Oh girl), I want you in my world

You're no ordinary rose  
I miss that soft touch from your finger  
Baby when the night is cold  
I should be there to keep u warm
