i was the one yo favorite girl  
but u took yo heart to another girl  
but i'm gon stay strong & stand tall  
i'm just gonna move on  
i was the one yo favorite girl  
but u took yo heart to another girl  
but i'm gon stay strong & stand tall  
i'm just gonna move on

v1

it all started on the first day of school  
and then we met everything became cool  
then thats when i had realized that you were  
the one for me  
we started talkin on the phone everyday  
then we talked till it got late  
so at night when i was tryin to sleep  
all i thought about was you  
from that day on you kept yo girl lookin fly  
cause i was goin with a cute guy that treated  
me right baby open yo eyes because that guy  
was you

(repeat\*)

v2

after a while the news got old  
then oops baby you got told  
i told you once i told you twice  
now baby your skating on thin ice  
don't even try to front when i come around  
don't think i don't know whats goin down  
i heard that you was messin with my friend  
baby were really close to the end  
you gon regret this when were through  
and after i said it was you!  
how could you think about doin this to me?  
because baby i'm an o.g.  
i can't believe this is happenin right now  
who are you boy?

get out of my house!

(repeat \*)

v3

i can't even talk about it  
that's how much i'm ticked off about it  
i really, really thought it was you  
but now i know you not my boo  
i can't believe this boy  
you done used me like a toy  
i can't even cater to you  
but next time i know what i should do

(repeat\*x2)
