So let me get this straight
Say now you left me all alone
What made you hesitate
To tell me with words what you really feel
I can see it in your eyes you may not know what you say
I remember so long ago, see i felt that same way
Now we both have separate lives and lovers (and
lovers)
Insignificantly enough we both have significant others

Only time will tell
Time will turn and tell

We are who we were when
Could've been lovers but at least you're still my day
Late friend
We are who
We are who we were when
Who knew what we know now
Could've been more but at least you're still my day Late
friend
We are who
We are who we were when

But thoughts they change and times they rearrange i
Don't know who you are anymore
Loves come and go and this i know i'm not who you
Recall anymore
But i must confess you're so much more then i
remember

Can't help but entertain these thoughts
Thoughts of us together

we are who we were when
could've been lovers but at least you're still my day late
friend
we are who
we are who we were when
who knew what we know now
could've been more but at least you're still my day late
friend

we are who
we are who we were when

my day late friend

so let me get this straight
all these years and you're no where to be found
and now you want me for your own
but you're a day late and my love, she's still renowned
we are who we were when
could've been lovers but at least you're still my day late
friend
we are who
we are who we were when
who knew what we know now
could've been more but at least you're still my day late
friend
we are who
we are who we were when
