Now who are you to be the death of me
Stealing what life you need, roadside while you watch
me bleed
I've got to get out of here
I've got to get out of here

Well where do you get off that we revolve around your
wants and needs
No way I would change a one side catastrophe
You are the only one in this room that is still the same
You're still a one line catastrophe

A liar! A liar! That's what you made of me
A wire! A wire! That's what we're walking on
Desire, desires it's all dressed down
Heavy lies the crown (heavy lies the crown)

Thought you were the one I figured out
With no creeping doubts no hiding ins or outs
But I was so wrong, I was so wrong

The knife that's resting in my back is proof enough for
me
That you're a one side catastrophe

A liar! A liar! That's what you made of me
A wire! A wire! That's what we're walking on
Desire, desires it's all dressed down
Heavy lies the crown (heavy lies the crown)

A liar! A liar! That's what you made of me
A wire! A wire! That's what we're walking on
Desire, desires it's all dressed down
Heavy lies the crown (heavy lies the crown)

A liar! A liar! That's what you made of me
A wire! A wire! That's what we're walking on
Desire, desires it's all dressed down
Heavy lies the crown (heavy lies the crown)
