Boys speak in rhythm and girls in code
doo doo doo doo
doo doo doo doo
Tell it to me straight, give it to me now
Face forward, face forward

Boys speak in rhythm and girls in code
doo doo doo doo
doo doo doo doo
Tell it to me straight, give it to me now
Face forward, face forward

Speaking foreign language, nothing I can translate
You're speaking foreign language, nothing I can
dictate
you're speaking foreign lanananananguage

Boys speak in rhythm and girls just lie
doo doo doo doo
doo doo doo doo
Tell me how you feel, come out of the dark

Then we can head back home and I'll know where to
start

Speaking foreign language, nothing I can translate
You're speaking foreign language, nothing I can
dictate
you're speaking foreign language
nothing i can translate
you're speaking foreign language.
Where did we go wrong?
We need medication for this miscommunication
where did we go wrong?
Our conversation's weakened
conversations weakened

Boys speak in rhythm and girls in code
doo doo doo doo
doo doo doo doo
Boys speak in rhythm and girls just lie
