Tonight my heart is cold  
Lost in your lies, shallow replies

And gravity prevails this time it's over  
And you think you're the one

Calm me with your lies, your simple tragedy  
It's all I wish to hear tonight  
And your all I wish to be  
And this is how we all fall

Tonight my heart is cold  
Lost in your lies, shallow replies  
Tonight I'll just let go  
Lost in you eyes, transparent cries

And innocence derailed  
Savage the poison  
Unhurried compass east

Calm me with your lies, your simple tragedy  
It's all I wish to hear tonight  
And you're all I wish to be  
And this is how we all fall

Tonight my heart is cold  
Lost in you lies, shallow replies  
Tonight I'll just let go  
Lost in your eyes, transparent cries

And we are, we are, we are the arsons  
Who start all of your fires

And we are the arsons  
Who start all of your fires,  
Burning, burning your city down

Tonight my heart is cold  
Lost in your lies, shallow replies  
Tonight my heart is cold  
Lost in your eyes, transparent cries

(repeat chorus)
