"Hello Alone"

Is this where the Interstate ends
In coastal towns like this?
Waiting for my world to cave under
We seem to invent ourselves
In places left unknown
If hope could only find me out

Is this the end of everything we know?
This is the end of everything I am

Is anybody out there?
Hello alone!
Broken hearts like promises
I left my last unknowns

Is anybody out there?
Hello alone!
'Cause the coldest winters thrive

The question is, I'm a Holy Ghost
In the coastal towns of Him
Although I know a thousand names
I see my only friend

I've got the ground
All I need is ten cents for the pooling
I feel helpless, sleeping at this, waiting for your return
Are you ever coming home?

Is anybody out there?

Hello alone!
Broken hearts like promises
I left my last unknowns

Is anybody out there?
Hello alone!
'Cause the coldest winters thrive
On broken hopes, broken homes

Does anybody? Do they ever listen?
Does anybody care at all?

Do they care at all? Do they care at all? Do they care at all?

Do you care at all? Do you care at all?

Is this the end of everything we know?

This is the end of everything I am

Is anybody out there?

Hello alone!

Broken hearts, like promises

I left my last unknowns

Is anybody out there?

Hello alone!

'Cause the coldest winters thrive

On broken hopes

Is anybody out there?

Hello alone!

Broken hearts, like promises

I left my last unknowns

Is anybody out there?

Hello alone!

Nonetheless, you're right here

And then we take this home
