Laying you down one last time.
On the sheets that will never give.
A touch that woke you gently.
I'll never know if you saw me.

Did your eyes ever, meet mine?
We see what we wanna see, sometimes.
I believe now,
Yes I believe.

We're all fully innocent.
We were born to run carefree.
You'll live on in the hearts of men, constantly.
We're all fully innocent.
We were born to run carefree.
I will hold on 'til the end, there'll never be an end.

There are few words I have left to say,
That have not already been said.
Your shadows, they will follow me,
Long after I've confessed.

Do your lips feel this kiss?
Do your hands feel this touch?
I miss you here,
I miss you so much.

We're all fully innocent.
We were born to run carefree.
You'll live on in the hearts of men, constantly.
We're all fully innocent.
We were born to run carefree.
I will hold on 'til the end, there'll never be an end. (x2)
