Why so afraid to fall?
That was then and this is now.
Horizons look different in a modern age.
Are we all lost, are we all lost again

Fall asleep alone.
Safer than the off-chance,
Of getting your heart attacked, one more time.
Will you ever come, will you ever come alive again?

Don't we all want to belong?
Don't we all write our own song?
Let our silence break tonight!
Don't we all learn right from wrong?
And don't we all want to be loved?
Let our silence break tonight!

Come now, elusive sigh.
Open up their eyes to see,
So many of us are just the same as you.
Have we all hid, have we all hid ourselves from friends?
So much else to give.
This is her and that is him.
Close your eyes, imagine they are holding you.
Will you ever find, will you ever find the words again?

(Sing it!) Don't we all want to belong?
(Sing it!) Don't we all write our own song?
Let our silence break tonight!
(Sing it!) Don't we all learn right from wrong?
(Sing it!) And don't we all want to be loved?
Let our silence break tonight! (Let our silence break tonight!)

There's so much less we have to lose here.
The more we give away!
Futures will never keep the promises!
If all we hold is yesterday!

Sing it! Sing it! (Let our silence break tonight.)
(Sing it!) Don't we all want to belong?
(Sing it!) Don't we all write our own song?
Let our silence break tonight!
(Sing it!) Don't we all learn right from wrong?
(Sing it!) And don't we all, want to be loved?
Let our silence break tonight!

Sing it! (Let our silence break tonight!)
Sing it! (Let our silence break tonight!)
