This car turned over without a key or gasoline tonight  
Feel everything on fire and I'm dressed to kill  
Killing for your dress goodnight  
Help me to wait on you, hesitate I'm broke 'cause I'm  
alone  
Feel so jaded, contemplative, waiting for you

We're running  
We're running hot tonight and it feels so good  
Your arm in mine here near midnight and it feels so  
right  
Girls and the boys chase down running hot tonight

Running down the readyfuels it's finally over, just get  
over  
Time will tell if all turns out okay  
Help me to realize my dream is dying  
Redefine despair I turned away  
So look the other way tonight

We're running  
We're running hot tonight and it feels so good  
Your arm in mine here near midnight and it feels so  
right  
Girls and the boys chase down running hot tonight

Can you wait for me a little, a little longer?  
Can you wait for me a little, little stronger?  
Can you wait for me a little, little stronger now?

We're running  
We're running hot tonight and it feels so good  
Your arm in mine here near midnight and it feels so  
right  
Girls and the boys chase down running hot tonight

Can you wait for me a little longer?

We're running  
We're running hot tonight and it feels so good  
Your arm in mine here near midnight and it feels so  
right

Girls and the boys chase down running hot tonight
