Well here we are again, where we ended long ago
You didn't learn, and I didn't listen to my friends
Well where do we go from here? Tried to walk away
Look at us now, we're back in each other's way

You just keep wearing me out (wearing me out)
But I'm wearing you down
You still keep wearing me out (wearing me out)
But I'm wearing you down

Should be over this by now
Build me up to beat me down
I hate crawling back to you, crawling back to you
When all is done and said
There is a part of me that's dead
Nearly given up on you, giving up on you

I know how this will end, love, loss, and regrets
You leave upset, I end up losing my best friend
Sounds too good to be true
One more minute heart on the line, one more time
You're not willing to work this through

Should be over this by now

Build me up to beat me down
I hate crawling back to you, crawling back to you
When all is done and said
There is a part of me that's dead
Nearly given up on you, giving up on you

You just keep wearing me out (wearing me out)
But I'm wearing you down
You still keep wearing me out (wearing me out)
But I'm wearing you down

Should be over this by now
Build me up to beat me down
I hate crawling back to you, crawling back to you
When all is done and said
There is a part of me that's dead
Nearly given up on you, giving up on you

And now it's said and done
I'll be moving right along
And I'm giving up on you
