Do they not have pen or paper where you are?
'Cause I haven't heard from you in ages
I relive each memory from time to time
Read notes exchanged with all those scented pages

It's coming back, it's all coming back to me now
Tell me everything turned out alright
Because I'm where we said that we'd meet tonight

Does he treat you like you want?
Does he ask to take your hand?
Does he believe in dreams we talked about?
When with no music we danced

I thought you said that you'd come find me
I thought you said you'd be home by now
I heard you sang that you'd come back here
So I wrote to remind you to somehow

Dance by yourself and think of me when you do
I'm not sure you understand
What this means to me, what you do to me
But I'm willing to prove that you're the one I regret to
slip away

Now I know it was only you
That I've been searching for
Been missing all this time

I thought you said that you'd come find me
I thought you said you'd be home by now
I heard you sang that you'd come back here
So I wrote to remind you to somehow

I thought you said that you'd come find me
I thought you said you'd be home by now
I heard you sang that you'd come back here
So I wrote to remind you to somehow

Let the past be past, let's start today
Letters won't do, I need to see your face
Tell me where to meet

And I'll tell you why we should be

I thought you said that you'd come find me
I thought you said you'd be home by now
I heard you sang that you'd come back here
So I wrote to remind you to somehow

I thought you said that you'd come find me
I thought you said you'd be home by now
I heard you sang that you'd come back here
So I wrote to remind you to somehow
