Come closer now
I know your desire is to be desired
Steal a kiss yet call us friends
Distance is a thief in which you conspire

Time and time and time will tell
Time will tell or tear us apart
You're miles and miles and miles away
Silence reveals where we really are

You only stand to break my heart
I can tell it by the way you runaway,
Runaway girl
You only stand to break my heart
I can tell it by the way you runaway,
Runaway girl
Runaway, runaway girl

It's clearer now
You're nowhere into giving
Giving into, giving into me
It's your fault
You're like a rare disease
I know you're in love
With love I believe

Time and time and time will tell
Time will tell or tear us apart
You're miles and miles and miles away
Silence reveals where we really are

You only stand to break my heart
I can tell it by the way you runaway,
Runaway girl
You only stand to break my heart
I can tell it by the way you runaway,
Runaway girl
Runaway, runaway girl

Do you expect me to wait here?
(All alone in my thoughts and fears)
My whole life could crash before your eyes

(Hope one day that you realize)
This isn't the way it's supposed to be
(This is your life girl, now without me)
May regrets for us well up inside
(As feelings for you are buried alive)
Buried alive

You only stand to break my heart
I can tell it by the way you runaway,
Runaway girl
You only stand to break my heart
I can tell it by the way you runaway,
Runaway girl
Runaway, runaway girl

I only stand to break your heart
You can tell it by the way I walk away,
Runaway girl
I only stand to break your heart
You can tell it by the way I run away,
Runaway girl
Run away,
Runaway girl
