This is a blackmarket reformation
Keep your lips closed
And don't you ever give away our underground
location

This is a black tie affair
Don't ever close your mouth
And we'll stay here until someone falls in their own
snare

I had this planned all along
And I brought you here for this
So tie your mask on and pretend that nothings wrong

And I'll try
To stay awake as long as i can
And I'll try
To stay here, here with you

This is a blackmarket reformation
How does it feel to be under the under the gun
Last ones to laugh pull the trigger, here on the run

You can hide the money
I'll mark an 'X'
Cause I'm above the law
And you're the order, you make everything make sense

And I'll try
To saty awake as long as I can
And I'll try
To stay here with you

And I know Mexico is south of here
Beautiful this time of year
So lets jump the boarder when the coast is clear

Salvation waits at oceans shore
We don't have to lie no more
Don't you worry baby I'll be right here

And I'll try
To stay awake as long as I can
And I'll try
To stay here with

And I'll try
To saty awake as long as I can
And I'll try
To saty here with you
