# "When Time And Confusion Collide"

Visit "[When Time And Confusion Collide](#)" on MotoLyrics.com

woooo yeaaa woo yeaa wooo(repeat)  
live for today  
we'll dream tomorrow  
we've got big plans in sight  
we'll take this city  
and by nightfall the bright lights are callin'  
everything is goin our way  
everything is just as we planned  
this is our future (from what we've heard)  
and I still got your hand  
and it feels like we could last forever  
and i'm not doin this alone, oh whoa  
when memories fade  
we got eachother  
when time and confusion collide  
sing it, i hold it all when i hold you  
when friends walk other ways  
we got eachother  
i hold it all when i hold, i hold it all when i hold you  
wooo yeaaa wooo yeaaa wooo  
we've fell on hard time  
this isn't the ideal  
we're miles from home doin the best that we can (best  
that we can)  
I won't do this without you(do this without you)  
won't do this without you so, take heart  
csue you know that you have mine  
and it feels like  
we could last forever  
and i'm not doin this again  
whoa no  
when memories fade  
we got eachother  
when time and confusion collide  
sing it, I hold it all when i hold you  
when friends walk other ways  
weve got eachother  
I hold it all when I hold, I hold it all when I hold you  
it's not about the money we make  
its about the passions that we ache for  
what makes your heart beat faster  
tell me what does your body long after

i don't care now where we live  
its not where or what or who we where with  
i just need you in my life  
so promise me again  
when memories fade  
we got eachother  
when time and confusion collide  
sing it, I hold it all when I hold you  
when friends walk other ways, we got eachother  
I hold it all when I hold, i hold it all when I hold you  
wooo yeaaa wooo yeaaa wooo
