Hey brother, do you remember when  
We used to play outdoors  
Til the light was absorbed by the night?  
Hey brother, it was a innocent time  
We used to laugh til we cry  
We're still boys on the inside  
(I want to do it again)

The first time staying out all night  
Last that we got away with lies  
I can hear it in the back of my mind  
Over and over again  
(I want to do it again)  
Late nights and early lights  
Never thought it would come to a goodbye  
I replay it in the back of my mind  
Over and over again  
(I want to do it again)

Lala la, lala la la la  
Lala la la la  
(I want to do it again)

Hey lover, do you remember when  
We would dance in your apartment  
Til neighbors would knock on your door?  
And I remember, you remember when  
We had no money to speak of  
No where else to eat but your floor  
(I want to do it again)

The first time staying out all night  
Last time you look me in the eyes  
I can see that in the back of my mind  
Over and over again  
(I want to do it again)  
Late nights, all entwined  
Made a promise to never say goodbye  
I replay it in the back of my mind  
Over and over again

All those days gone forever

Wonder if we're going to ever  
See all our younglife friends that we made again  
Have we all lost connection?  
The life pulls in all direction  
Memories bring us back to where we've been

(I want to do it again)

The first time staying out all night  
Last time that we got away with lies  
We can hear it in the back of our minds  
Over and over again  
(I want to do it again)  
Late nights and early lights  
Never thought it would come to a goodbye  
We replay it in the back of our minds  
Over and over and over  
(I want to do it again)

Lala la la, lala la la la  
Lala la la la  
(I want to do it again)  
(Repeat until ending)
