Hey brother, do you remember when  
We used to play outdoors  
'Till the light was absorbed by the night.  
Hey brother, it was an innocent time.  
We used to laugh 'till we cried,  
But still boys on the inside.  
(I wanna do it again)

First time staying out all night.  
Last time that we got away with lies.  
I can hear it in the back of my mind.  
Over and over again.  
(I wanna do it again)

Late nights and early lights.  
Never thought it would come to a goodbye.  
I replay it on the back of my mind  
Over and over again.  
(I wanna do it again)

La la la, la la la la la  
La la la la la  
(I wanna do it again)

Hey lover, do you remember when  
We would dance in your apartment  
'Till neighbors would knock on your door?  
And I remember, do you remember when  
We had no money to speak of,  
No where else to eat but your floor.  
(I wanna do it again)

First time staying out all night.  
Last time that we got away with lies.  
I can hear it in the back of my mind.  
Over and over again.  
(I wanna do it again)  
Late nights and early lights.  
Never thought it would come to a goodbye.  
I replay it on the back of my mind  
Over and over again.

All those days gone forever.  
Wonder if we're gonna ever.  
See all our younglife friends that we made again.  
Have we all lost connection?  
The life pulls in all directions.  
Memories bring us back to where we've been.

(I wanna do it again)

The first time staying out all night.  
The last time that we got away with lies.  
We can hear it in the back of our minds  
Over and over again.  
(I wanna do it again)

Late nights and early lights.  
Never thought it would come to a goodbye.  
We replay it in the back of our minds.  
Over and over and over.  
(I wanna do it again)

La la la la, la la la la la  
La la la la la  
(I wanna do it again)

La la la la, la la la la la  
La la la la la  
(I wanna do it again)

La la la la, la la la la la  
La la la la la  
(I wanna do it again)

La la la la, la la la la la  
La la la la la  
(I wanna do you? again)
