Since I've been dealing with you
My prince suppose has taken a move
And I, I'm feeling misunderstood
Do you think our heart is made of wood?

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you won't
Be staying while around me

Dreams filled with pictures of you
Extremes, the things that you make me do
And I'm getting carried away
Want you in my picture today

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you won't
Be staying while around me

Even when I say you don't
I know you won't
Believe a single word I'm saying
Baby, won't you stay awhile
As you like it round me

Please, don't go and leave me here alone
To entertain myself
Here's my fear, I'll make it clear for you
I can't contain myself

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you won't
Be staying while around me

Even when I say you don't
I know you won't
Believe a single word I'm saying

Baby, won't you stay awhile
As you like it round me

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you won't
Be staying while around me

Even when I say you don't
I know you won't
Believe a single word I'm saying
Baby, won't you stay awhile
As you like it round me
