I was kept away
Locked up from the shames
In your darkest faces
I saw enemies
Never told you to stay down

Now I'm suffering
Why you're my leases?
I wait patiently
I wait patiently

If I, if I had only known
The places I was shown
Made me so unsure
A lie is something I would yearn for
For dying to explore

These very instances
That left me scarred
Left me scarred

Who could fit the bill
And what you ask ain't clear
No reason for the anguish
When you never had to fear

I'd given all my binding
Into your ideal
Find my dedicated
Unsure of what to feel
Unsure of what to feel

If I, if I had only known
The places I was shown
Made me so unsure
A lie is something I would yearn for
For dying to explore

These very instances
That left me scarred
Left me scarred

Who's talking to ya?
(Who's talking to you?)
Who's talking to ya now?
'Cause I can't hear a sound

And there's no one else around, but me
Am I so hard to see?
Who's talking to ya?
(To ya, to ya, to ya, to ya, to ya, to ya)

If I, if I had only known
The places I was shown
Made me so unsure
A lie is something I would yearn for
For dying to explore

These very instances
That left me scarred
Left me scarred

If I, if I had only known
The places I was shown
Made me so unsure
A lie is something I would yearn for
For dying to explore

These very instances
That left me scarred
Left me scarred

If I, if I had only known
The places I was shown
(Shown)
Made me so unsure
A lie is something I would yearn for
(Yearn for)
For dying to explore

These very instances
That left me scarred
Left me scarred
These very instances
That left me scarred
