You clamber up and look behind  
Their watchful eyes, the helping hands  
A hen that's fierce and painted blue  
With red eyes wants to swallow you

A dragon dives and soars on tracks  
The hands that strap you to it's back  
You turned around and look behind  
Their smiling eyes won't help you down

Their tiny hands, their tiny feet  
Such little hearts to miss a beat

Grotesque dwarves in mirrored rooms  
Pulled and taut a thousand yous  
Staring back through stinging tears  
Remembering those fun house thrills

The paintbox tunes and wild balloons  
Their watchful eyes, you start to swoon  
Oh, painted vile in lurid hue  
The snarling horse that waits for you

It's motor whirs and colors curl  
Inside your head the monsters whirl

It's motor whirs and colors curl  
Inside your head the monsters whirl

In sucked out  
Time stood still  
Roundabout back  
Carousel  
Time stood still  
And you remember it well

In sucked out  
Time stood still  
Roundabout back  
Carousel  
Time stood still  
And you remember it well

Carousel
