With your mouth around the bottle-then you smash it on  
the hearth reach out for another one-don't look back on  
the past a chair through the window-then through the  
looking glass the crystal splinters shimmer-bathe the  
pavement in moondust

laughing in the crimson rain-we feel no pain with  
shards in our soles we'll dance again and again oh  
again and again amidst the laughter and the crimson  
rain

with your mouth around the bottle-then you smash it on  
the hearth forget tomorrow's mess-because right now  
is the best... I guess we're dancing on glass...
