Got to get up, get into life, got to get up, get into life  
Got to get up and live this life, got to get up and win  
this life

No more looking down, look up  
Skyward up your eyes, devour the sun now  
Got to, got to get up now, so get up

Gonna shake my bones gonna shed my skin  
Shake out what's mine, shake out this thing  
I'm gonna shake my bones, gonna shed my skin  
Shake out what's mine, shake out this thing

'Cause I've been here too long, now I'm up  
Skyward up this song, devour the sun now  
I've got to, got to get up now, oh, so get up

Bad luck you say, it's just not your day  
But you've got to reach out, grab your destiny  
Kick up the dust, kick up a storm  
Kick out the past and take control

There's no-one else, it's up to you  
Are you gonna wake up or cry boo hoo?

No one else but you can rise up  
You know what to do, got to get up  
No more looking down, look up  
Come and claim your crown, got to get up, got to get  
up
