Come take this hand at twilight's door
I'll meet you there we'll share the moonlit floor
Through the driving rain, colors run in veins
Ozone fills the air, two figures disappear

Come let's take flight, let's quit this scene tonight
Whilst they sleep on endless, in their wrecked designs
Sleep on endless in your wrecked designs

Moths touched by flame repeat their fatal game
Forever and eternally, the cliffs around the crashing
sea
Unsolved and endless, wait for me

Undulating far below, where lucid waters flow
Their faces seem to know

Where the land falls to an end
This hidden tale begins
Take a walk with me down by the sea

Moths touched by flame repeat their fatal game
Forever and eternally, the cliffs around the crashing
sea
Unsolved and endless, wait for me, wait for me

Take a walk with me down by the sea
Take a walk with me down by the sea
Take a walk with me down by the sea

Take a walk, take a walk, take a walk
Take a walk with me down by the sea
Take a walk with me down by the sea
