The lunacy will leave the day  
Luminous in flight  
As the moon spits out in jagged  
Beams another night

Wrap around this brilliant veil  
Tranquil and unbroken  
As you spiral down, a world of clay  
And taut convulsion

The dream swan spins  
And cartwheel turns

Down deep within your violet side  
The sun begins to rise  
Shaking down its morning swords  
To thaw your frozen eyes

The dream swan spins  
And so conceal the heart  
That aches and yearns  
Oh, hush awhile, sleepless child

I'll be watching over you  
I'll be watching over you  
I'll be watching over you  
I'll be watching over you
