Only at night time I see you
In darkness I feel you
A bride by my side, I'm inside many brides
Sometimes I wonder
What goes on in your mind, always silent and kind
Unlike the others

Fuck the mothers, kill the others
Fuck the others, kill the mothers
I'll put it out of my mind because
I'm out of my mind with you
In Heaven and Hell with you

My night shift sisters
Await your nightly visitor
They don't bother me, no
No they don't bother me

Cold marble slab submits at my feet
With a neat dissection
Looking so sweet to me, please come to me
With your cold flesh, my cold love
Hissing, not kissing
A happy go lucky chap, always dressed in black

He'll come to you
He'll come to you

My night shift sisters
Oh with your nightly visitor
A new occasion in life
My, my love with a knife

Fuck the mothers, kill the others
Fuck the others, kill the mothers
I'll put it out of my mind because
I'm out of my mind with you
In Heaven and Hell with you

I'm out of my mind with you
They don't bother me, no
They don't bother me, no

Night shift sisters
Oh with your nightly visitor
Night shift, waiting for the night shift
Night shift, waiting for the night shift
Waiting for the night shift
Waiting for the night shift
