Your parties fall around you  
Another night beckons to you  
Your parties fall around you  
Another night beckons to you

Shadows look as you resist the gloom  
Faded hues issue forth and bloom

A bed of leaves for a lover  
Awake with a kiss and rise asunder  
And when the party's over  
You retreat in a realm of slumber

In your mind, crystal lights rebound  
Wheels spin round and you hear the sound  
Of autumn's call at party's fall, autumn's call

Through rose-tinted glass you still remember  
The gladness, not sadness, only laughter

In your mind vicious lights rebound  
Wheels spin round and you hear the sound  
Of autumn's call at party's fall, autumn's call

The smile in the mirror grows weaker  
The laughter you heard is growing fainter

Your parties fall around you  
The night forgets to rouse you  
Your party's fall astounds you  
An aura of sadness abounds you

Glad rags sigh, maybe you're alone  
Maybe you're alone inside, don't hide  
Hurting all the time, hurting deep inside  
Don't cry, don't cry

My happiness depends on knowing  
This friend is never alone  
On your own, a party on our own  
We'll have a party on our own, inside  
No sighs, don't cry, don't cry
