I float quietly  
Without a sound  
Forever and ever 'til the end of time  
And see myself lying still at the scene of the crime  
Lying still at the scene of the crime

Like blood in the body  
Like wind in the water  
I passed over to the sea of light  
Follow me into the sea of light  
The sea of light

The miracle skin from the rainbow's edge  
Let it rain down, let it descend  
Riding on a river of stars  
The heavens open at the tunnel's end

Like blood in the body  
Like wind in the water  
I passed over to the sea of light  
Follow me into the sea of light

Like blood in the body  
Like wind in the water  
Let it rain down, let it descend  
Sea of light  
The sea of light
