### "Come Back Lover, Come Back"

Visit "[Come Back Lover, Come Back](#)" on [MotoLyrics.com](http://MotoLyrics.com)

(Nidra Beard, Stephen Shockley, William Shelby)

Ah ah ah ah ah, ah ah ah ah  
Ah ah ah ah ah, ah ah ah ah  
[X2]

I believe  
That it would all had come to pass  
If I have taken notice, I'll go slipping fast  
But I'll let you get away (ooh)  
How did I have overlooked  
All the little things it took  
To keep you hooked in my life  
It's so incomplete  
'Cause the bitter is more than the sweet  
(Ooh, ooh, ooh)  
I'm thirsty for your love  
But my well is dry  
Without you by my side  
Come on back

[Chorus:]  
(Come back, lover, come back)  
You know that (I missed you so)  
I missed you so much  
(Come back, lover, come back)  
Why did you (why did you have to go)

What I know now  
I wish that I have known that then  
So I wouldn't have to do it over again  
Baby, you can take the words (ooh)  
Of your manly foolish pride  
I can overcome  
If you let me try once again  
I've learned from my mistakes  
'Cause I miss you more with each passing day  
(Ooh, ooh, ooh)  
Your actions may be see  
Just what you meant to me  
And where our love could be

Come on back

[Repeat chorus]

Come on, come on, come on, come on back

[Repeat chorus]

Come on, come on, come on, come on back

Come on, come on, come on, come on back, ooh

Let me try one again  
I've learned from my mistakes  
'Cause I miss you more with each passing day  
(Ooh, ooh, ooh)  
Your actions may be see  
Just what you meant to me  
And where our love could be  
Come on back

[Repeat chorus]

Come on back, come on back babe  
Come on back, come on back babe  
Come on back babe  
[X2]

I want to hear you say that  
Actions may be hard to fonder  
Don't you leave me sitting here to wonder  
If there's any chance  
You still remember what we had  
Then baby, come on back

Come on back, come on back babe  
Come on back, come on back babe  
Come on back babe  
[X2]

Ah ah ah ah ah, ah ah ah ah  
Ah ah ah ah ah, ah ah ah ah

Come on, come on, come on, come on back

[Repeat chorus to fade]
