On my way to love
I saw phases to stop a poor girl's heart
I felt passion that tore my mind apart
And still I knew that the best is yet to come
My dream baby

Now that you're here
It's clear, me and you
That emotions are overdue
I'll hold you near
In the early light
I can't fight what I feel
This is for real

I'm falling for your love
In your arms is where I'm gonna land
Day by day
I'm falling for your love
Reach out for me
My future's in your hands

On my way to love
Beautiful stranger as we fill my empty nights
Sweet trips to heaven
When I turned, I walk around
But deep inside me
My cold and lonely heart is waiting

Sometimes I find
You never unkind
Yet the dreams to seem to burn
This is love I sought
People laugh, then said
This boy's all in your mind
But now I met you, I find that

I'm falling for your love
In your arms is where I'm gonna land
Can't help it
I'm falling for your love
And I can't help but give it up

Falling

[interlude]

(Falling for your love)

(Ooh)

In your arms is where I'm gonna land

(Can't help it)

(I'm falling for your love)

(Ooh)

I can't fight what I feel (day by day)

(I'm falling for your love)

This is for real (ooh)

Uh huh, can't help it (Can't help it)

(I'm falling for your love)

I'm falling
