(Leon Sylvers III)

I don't need to prove myself

I don't need to prove myself

As I sit here in my golden yellow dreams

I dwell upon the river at life or so it seems

(so it seems)

But while I sit here in my golden yellow dreams

My mind balance over your head beyond your schemes

(beyond your schemes)

To reel the world of a better man

Through jealousy

But there's always one who can do

Much better than you

Ooooh

And there's always one who with a man

Better than give a helping hand

Just at times I feel like kicking off my shoes

And take a long rest

I don't need to prove myself (to prove myself)

To you (to you)

To me (to me)

At times I feel like kicking off my shoes

And take a long rest

I don't need to prove myself (to prove myself)

Just take a rest for life

I don't mean respecting life is what I need

I need a couple things to fills my life with greed

(life with greed)

One puts a price tag on whatever sells a bid

And raise the price of bills that leads at barrel wheel

(barrel wheel)

And they ruin the world of the golden mind

Through robbery

But there's always one who can do

Much better than you

Oooooh
And there's always one who with a man
Better than give a helping hand

Just at times I feel like kicking off my shoes
And take a long rest
I don't need to prove myself (to prove myself)
To you (to you)
To me (to me)
At times I feel like kicking off my shoes
And take a long rest
I don't need to prove myself (to prove myself)
Just take a rest for life

(I don't need to prove myself, just take a rest for life)
(I don't need to prove myself) just take a rest for life,
yeah, yeah
(I don't need to prove myself) just take a rest for life
(I don't need to prove myself)
Just take a rest for life, yeah, yeah
(I don't need to prove myself) just take a rest for life
(I don't need to prove myself) oooooh

(I don't need to prove myself) well, well
(just take a rest for life)
(I don't need to prove myself) well, yeah, yeah, yeah
(Just take a rest for life)
(I don't need to prove myself) oooooh
(Just take a rest for life)
(I don't need to prove myself) well
(Just take a rest for life) well, well, well, well
(I don't need to prove myself)
(Just take a rest for life)
