(Charmaine Sylvers)

you just can't compete
if you take life sitting down
get up out your seat
get your feet up off the ground

[Chorus:]
you can take it to the top
(take it to the top)
you don't stop
just halfway through it (halfway through it)
you can take it to the top
(take it to the top)
you don't stop, come on and get to it
(come on and get to it)

don't keep telling me
habits got a hold on you
all you really need
is to get into the groove

[chorus]

you don't stop
when you're halfway through it
take it to the top

you don't stop
when you're halfway through it
take it to the top

[break]

now you're on your way
rising high above the ground
so keep up the pace
'cause nothing's gonna stop you now

(take it to the top)
(halfway through it)

(take it to the top)
(come on, get to it)

[repeat chorus]

you can take it to the top (take it to the top)
you don't stop now (halfway through it)
you can take it to the top
(take it to the top)
you don't stop, come on and get to it
(come on and get to it)

take it to the top, hey, baby
take it to the top, to the top
you can take it (to the top)
take it to the top, to the top
you can take it (to the top)
take it to the top, to the top
you can take it (to the top)
take it to the top, to the top
you can take it (to the top)
take it to the top, to the top
you can take it (to the top)
