Drip drop, drip drop, drip drop, water water, drip drop.  
You say, that you don't feel a thing no more.  
Oh you say, that it was better way before.  
Get in a fight every night over little things we bring.  
Getting worse the harder we try, oh why.  
And now your walk, and your talk and the little shows I  
know,  
Will only lead to goodbye.  
Goodbye.  
And you can tell from my eyes, they couldn't wear no  
disguise.  
And now you've spoken, my, my heart is broken and it's  
Raining, it's raining.  
Gotta find a way to get away, get away.  
Gotta find a way to get away.  
It's raining, it's raining.  
Gotta find a way to get away, get away.  
Gotta find a way to get away.  
What do I do? where do I go? what do I say?  
I don't know. Ooo, oh.  
What do I do? Where do I go? What do I say?  
I, I don't know, ooo, yeah.  
I know, that there can be a better way. Oh so they say.  
Oh I know, that we should take it day by day.  
Hit the ground when you're down and you're so far  
from the stars.  
Each step is harder to take, it's hard now.  
If you go, even though, when you haven't given your  
all.  
That fall will be the one that will break, will break yeah.  
And you can tell from my eyes, they couldn't wear no  
disguise.  
And now we've spoken, we'll, we'll meant the broken.  
Well it's  
Raining, it's raining.  
Gotta find a way to get away, get away.  
Gotta find a way to get away.  
It's raining, it's raining.  
Gotta find a way to get away, get away.  
Gotta find a way to get away.  
Oh I keep working, keep working to find a better way.

Keep working, keep working.  
Until that day.  
Hey, yeah, hoo.  
(Drip drop, drip drop, drip drop water water, drip drop)  
It's raining, it's raining.  
Gotta find a way to get away, get away.  
Gotta find a way to get away.  
It's raining, it's raining.  
Gotta find a way to get away, get away.  
Gotta find a way to get away.  
(It soon be over, it soon be over)  
Gotta find a way to get away, gotta find a way  
Gotta find a way, gotta find a way,  
To get away.
