(Butch Cassisdy)

Cruzin' with my girl in my DTS  
Feelin' real good cause we got the best...  
Smoke in town playin' \*\*\*  
There's no problems \*\*\*  
Pretty day so I drop the top  
I can't stop looking cause she is so hot  
I can't wait till darkness falls  
Today she decided I'ma get them drawers  
So excited lot's anticipation  
She glanced at my crotch and saw \*\*\*  
Baby I'm diggin on you  
But right now let's just cruise

(Verse)

Cruzin' just me and you  
And later on we ain't go tellin' what we go'n do  
Cruzin' all day long  
'Long as we together ain't a damn thing don't go wrong

(Damizza)

I was chillin' in the park on a sunday afternoon  
Flowin' on \* bumpin' the oldie tunes  
Got me a \* so I hopped in my lowrider  
Tippin' 3 wires, chrome hydraulics  
Gold flake paint, homie what you think  
Pass me the deuce or a heineken to drink  
Got my fade on, gotta keep me in the zone  
Take this chick home, turn off the phone and bone  
Get her out her thong, hit it then I'm gone  
Can't stay too long, I only got one night  
You lucky you could be with me tonight  
Fine mamasitas, only in "Califas"

(Verse)

(Butch)

Baby let's cruise  
No matter where we go I want to be with you  
Baby let's ride  
'Long as you by my side my life will not subside

We don't have to leave my car  
We can drive somewhere real far  
Find somewhere to park  
'Long as it's after dark

(Verse)

(Damizza)

We can hop in the Gallardo, take a cruise up the coast  
Highway 1 to Malibu (aaah)  
I'll take you to the spots, from the oceans we can stops  
Grab a bite to eat even check into a hotel  
Walk along the beach, a night-cap in the suite  
Crumble up the leafs start tearin' up the sheets  
You're a dime and you're fine, I'm feelin' so hot  
I'm loosin' track of time, I don't mind  
I'm cruzin'...
