Turning like the leaves in autumn  
Staying wiser as we change  
Your touch I still can feel  
Though my arms are out range  
And if I write these epic songs of old  
For me you always fit the mold  
Just watch as I pursue you wholly  
I want to court you slowly

Overwhelmed by all your power  
Reaching to feel your beauty  
I'm held happily captive from a distance  
Overwhelmed by all these feelings  
I want to court you slowly  
I love you solely, but I'll court you slowly

And though the words are hard to find  
I still have you on my mind  
Every time that I'm around you  
Draws me closer with your bind  
And then I'm left to stare at what I yearn  
As we're waiting for our leaves to turn  
Then I'll be watching over you as closely  
And I'll court you slowly

Overwhelmed by all your power  
Reaching to feel your beauty  
I'm held happily captive from a distance  
Overwhelmed by all these feelings  
I want to court you slowly  
I love you solely, but I'll court you slowly

We're gonna make these thoughts come true  
I'll make my way into a place where I'm with you  
We're not moving very fast but I'll hold on to my tether  
Finally time will pass-we'll be together

Overwhelmed by all your power  
Reaching to feel your beauty  
I'm held happily captive from a distance  
Overwhelmed by all these feelings

I want to court you slowly  
I love you solely, but I'll court you slowly

We're gonna make these thoughts come true  
I'll make my way into a place where I'm with you  
Overwhelmed by all your power  
Reaching to feel your beauty  
I'm held happily captive from a distance

Overwhelmed by all these feelings  
I want to court you slowly  
I love you solely, but I'll court you slowly
