[Tolkki-Matos]

Sometimes I feel I've got nowhere to go  
Life gets to me and I don't want to know  
Far, far away, I'm here to stay  
I won't be led to astray

I turn my back and walk away  
Cause I just have to find another way  
Turning the page, leaving the cage  
Having a new day to face

Fields Of Avalon, call my name  
Leading me without a shame, I've got no one to blame  
And when things are getting tough, don't give up  
Just follow me... to Fields Of Avalon!

So now I left my past behind  
So many things for me to find  
Far, far away, I'm here to stay  
Having a new day to face

Fields Of Avalon, call my name  
Leading me without a shame, I've got no one to blame  
And when things are getting tough, don't give up  
Just follow me... to Fields Of Avalon!

Fields Of Avalon, call my name  
Leading me without a shame, I've got no one to blame  
And when things are getting tough, don't give up  
Just follow me...

To Fields Of Avalon, call my name  
Leading me without a shame, I've got no one to blame  
And when things are getting tough, don't give up  
Just follow me... to Fields Of Avalon!
