I can't believe you're gone...  
Yesterday there was nothing wrong  
What the hell happened!  
Can somebody tell me  
I want to cry but I'm too mad  
There's nothing left but being scared  
The pain just makes me blind  
How could this happen...

Hear me now... I'm crying out...  
It isn't right, I can't see clearly now...  
It's so unfair...  
You should be here to help me  
See what's right  
I'm crying out... Hear me now...

They tell me in time I'll heal  
But what they don't know is how I feel  
Time is a failing friend  
Keeps putting me down...  
I want to sleep, but I'm too sad  
I'm trying so hard not to grow mad...  
The loving memory...  
Forever and always...

Hear me now... I'm crying out...  
It isn't right, I can't see clearly now...  
It's so unfair...  
You should be here to help me  
See what's right  
I'm crying out... Hear me now...  
Hear me now...  
Hear me now

Someone, show me  
Which way I'm suppose to go now  
Guide me through this  
Hear me now...

Hear me now... I'm crying out...  
It isn't right, I can't see clearly now...

It's so unfair...  
You should be here to help me  
See what's right  
I'm crying out... Hear me now...
