In Paradisum deducant te angeli et habeas requiem

Angels are calling,  
They're singing my name  
I've been caught in the meadow  
And hung in the air  
When the last stars are falling,  
I'll sleep far away  
Let them carry me over  
To heaven

Warriors are flying to Paradise  
Ten thousand beacons standing in line  
Preaching salvation, the future comes  
No more infection, the world as one!

Strive and stand - clean the land  
Obey the call - redeem us all

Time, how precious is time  
When life goes by  
Time, how needless is time  
In Paradise

Out in the night  
By the moonlight, I'll miss you  
Somewhere above, I'll be watching below  
Turning all hate to purity  
Providing peace and tranquility  
Making your dreams alive  
Bringing love to your heart...

Spread your wings and fly  
Join me up in the sky  
Angels lead us on  
Through the wilderness of fate

Time, how precious is time  
When life goes by  
Time, how needless is time  
In Paradise

Time, how needless is time...
