This is a story about a girl  
A lonesome girl in a lonely world  
Her only dream was to find the light  
In this cold rainy winter night

A cold existence left to pass  
Too many feelings are shaped like glass  
Her only hope was an essence of life,  
In this cold endless final strife

Nobody knows  
Nobody sees  
That this girl doesn't know who she is...

She can't excuse what she does  
They're playing with her feelings.  
Is there somebody out there waiting for her,  
?cause she doesn't want to live anymore

Nobody knows  
Nobody sees  
That this girl doesn't know who she is

She does not understand why nobody wants her,  
Or why nobody needs her  
Nobody knows  
Nobody sees  
That this girl doesn't know who she is  
She does not understand why nobody wants her,  
Or why nobody needs her

She's standing now on a mountain in the rain,  
And she does not want to think again  
She's looking down at all the small cars passing by...  
Taking one step forward,  
And whispers goodbye...

Nobody knew  
Nobody saw  
Even God didn't know who that lonely girl was  
She didn't understand why nobody wanted her

She was all alone...
