### "Path to decay"

Visit "[Path to decay](#)" on MotoLyrics.com

Life brings nothing for the sane  
Keep searching new days on the horizon  
While time just seems to slip away  
I'm leaving no trace along the way

Seems like I'm falling deeper,  
deeper inside myself  
Feels like I'm growing weaker,  
much weaker each day  
along the path to decay

The lights are fading day by day  
No cure for the lost, there's no ascending  
When life could not become more pale  
a new dawn is here, another day

Darkness within us all  
We're feeble and stand to fall  
The daylight has long since gone  
but a new dawn has yet to come
