What if no-one knows
No-one ever knows about
What you did
And why you did it
No one ever knows
All the ins and outs of it
Not even you?

You don't know because you never rang
You never rang me again
Wrote me a letter
And that was the end of it
You never rang
You never rang me again
How could you break my heart like that?
Break my heart like that?

I think about you're wedding
Ooh, the songs we sang that day
When people ask about us
What am I supposed to say?
Which part of the puzzle fits with the feeling today
I don't know

I don't know because you never rang
You never rang me again
Wrote me a letter
And that was the end of it
You never rang
You never rang me again
How could you break my heart like that?
Break my heart like that?

How could you break my heart like that?
Break my heart like that?

So no-one's gonna know
No-one's gonna know about what you did
And why you did it
