All you wanted was one little line of stars, stars  
All you wanted was one little line of stars, stars  
Stars - you light the morning sky  
Stars don't sit there asking "Why?"  
What you wanted was somebody who knew what it is  
you are going through

You wanted to be Bob Dylan  
You wanted to be Nina Simone  
Yeah, but you were awfully scared of going to bed  
alone  
Took all your tea to China  
Baby you just gave it away  
Now he's walking out the door with nothing more to say

Stars - you light the morning sky  
Stars don't sit there asking "Why?"  
What you wanted was somebody who knew what it is  
you are going through

You could've had him, called him out to the crowd  
To the crowd  
Could've had him: said his name out loud  
To...  
Could've had him: said his name out loud  
Toâ€¦  
You could've had him: said his name out loud  
Toâ€¦  
The crowd  
The crowd  
The crowd

All you wanted was one old friend
