"Walking Alone"

I wish you got my numb
I wish you bought out mine
I wish you broke my passion
I wish you changed my days
But I walk alone, walking alone

I wish you brought me ,
Ride the , such a worst learned
I wish you played my game
Even as I know , not
Whoa, whoa, whoa,
Whoa, whoa, whoa
Walking alone, walking alone

I wish you kept my hand
,to you
I wish we shared some ,
But you're on your own, wait dear
Walking alone, we're walking alone
Walking alone, walking alone.
