You're telling me it's all over
You know it's just another day
I'm still here breathing

I'm thinking the whole thing out
I got a line I have to say
And I ain't leaving
Who do you think you are?

Bring it on
(Bring it on)
You know I can take it
I'm not going down
Bring it on
(Bring it on)
You think you can break me
(I'm not doing down)

I've been through fire and I lived to tell
Bring it on

You know I can see right through you
You think I don't know just who you are?

And I ain't running
Well you've got to stand your ground
When everyone else is caving in
This is the one thing I believe in
Who do you think you are?

You know I can take it
(I'm not going down)
You think you can break me
(I'm not going down)
You know I can take it
(I'm not going down)
You think you can break me (I'm not going down)

Bring it on
You know I can take it
Bring it on

You think you can break me
