All the way for I dare not
Buy it what am I supposed to
Do without you?
Life will never be the
Same when I picked up the pieces
Rock and roll legacy
ROck and roll lies
Don't you ruin my holiday
When I wanna holiday
Holiday is where my life
Is changing color
ooohh.... Oligopoly
Don't you ruin my holiday
Everyday a holiday
Holiday is where I feel a
Whole lot better hope it's not too late
Truth is said and I dare
Not buy it what am I supposed
To do without you?
Life is never esy when I picked up the pieces
Ruin by the selling out
