One thought that changes it all  
The decisions that fail, judgement unread  
Progress unseen, muted caution  
Risks are taken by the hands that bind  
That spin the wheels right before your eyes

I feel the echoes  
From a distant past  
There is no progress  
A redundant circle

It'll never leave you alone  
One way to go, nowhere to turn  
It's so deceiving, pulls you in  
Into the space within

We are the echoes  
From an irrelevant life  
There is no progress  
A redundant abomination

It'll never leave you alone  
One way to go, nowhere to turn  
It's so deceiving, pulls you in  
Into the space within

Granted false peace, mock reassurance  
Tracherous silence speaks clearly  
Marvel - pour out empty  
Until you're sick  
Then you made it yours  
Until you're sick  
One thought destroys it all  
No decisions are made, judgement unread  
Progress unseen, elevated awareness  
Risks are taken by the hands that bind  
As they stab you in the back

Only the past decides  
What's next to come - what's long-gone  
Welcome to the place of your last regrets

Too late for amends

It'll never leave you alone  
One way to go, nowhere to turn  
It's so deceiving, pulls you in  
Into the space within  
Hanging on the edge of what is real  
One way to go, nowhere to turn  
It's so deceiving, pulls you in  
Into the space within

We are only echoes  
We are just echoes
