Born of privilege, the prodigal son  
Failed to succeed in life  
Now the unworthy one  
How can you not see clearly?  
How can you not see the consequence?

How do you look yourself in a mirror?  
Indifference - you're the sum of meaningless moments

A waste of life, culmination of your deeds  
Just a demagogue  
With all the people you feed on

Everyday, you will survive alone  
Fading slower each passing day  
And every night, you'll watch the world  
Passing by with your shattered dream

You're self absorbed, a failure to perform  
How can you not see clearly?  
Blinded

A waste of breath, your refusal to persist  
Just a demagogue  
With all the people you feed on

Everyday, you will survive alone  
Fading slower each passing day  
And every night, you'll watch the world  
Passing by with your shattered dream  
When daylight breaks, you'll find yourself  
Broken and empty with nothing left for you

Lethargy - insecurity - lethargy - fail to progress

Everyday, you will survive alone  
Fading slower each passing day  
And every night, you'll watch the world  
Passing by with your shattered dream

When daylight breaks, you'll find yourself

Broken and empty with nothing left for you
