Lies will find you hiding behind  
Your words so carefully chosen

Just as it was before  
Elusive words  
So hard to understand - can it be?  
All is forgiven

You're suffering with your regrets  
Unable to move on, your thoughts are ripped  
Twist the knife for the sake of argument  
Repent... forget  
You're bathing in your remorse  
Unable to breathe, on lies you choke  
Twist the knife for the sake of lying  
Repent... forget

Your guilt, it burns through you  
It lives inside you through you  
Your guilt, it cannot stop you  
Repent... forget

It all ends where it starts

Apologies are near useless  
Unable to care about the deeds done  
Twist the knife for the sake of argument  
Repent... forget  
I'm sorry is not enough  
Subtleties you leave unspoken  
Twist the knife for the sake of trying  
Repent... forget

Your guilt, it burns through you  
It lives inside you through you  
Your guilt, it cannot stop you  
Repent... forget

Can I expect you to forgive?  
Can I expect compassion?  
Can I expect you to forget selfishness?

This self preservation  
Repent for your actions  
The self destruction  
Is this the real you?

Your guilt, it burns through you  
It lives inside you through you  
Your guilt, it cannot stop you  
Repent... forget

It ends where it starts
