Sherrie don't come 'round here, don't come 'round
here no more
Sherrie don't come 'round here, don't come 'round
here no more
Hooked up with a bad man at a good time
Said she ran into a door
Left her by a thread on a life line
And that's the reason why she don't come 'round here
no more

Huey don't come 'round here, don't come 'round here
no more
Huey don't come 'round here, don't come 'round here
no more
Heard he had a drink with some old friends
Turned into three then four
Kept on going straight around 'round that old bend
That's the reason why he don't come 'round here no
more

It's just a mix up it's not your time
Do you want a second try?
It's just prediction then fate collides
Not sure if I'm surprised

John don't come round here, don't come 'round here no
more
John he don't come round here, don't come 'round here
no more
Checked in a casino with a girlfriend
Did a line then did some more
Thought his heart could keep up like a young man
That's the reason why he don't come 'round here no
more
