You are the one for me I don't think you know it yet
You are the one for me though we've never even met
I can tell by the way you looked at me the other night
Something tells me I'm the only

We both got somebody that don't matter anymore
'Cause everybody's playing there's no one left to keep
the score
It could be a lost weekend in the mountains or at the
shore
Something tells me I'm the only one around for you
In this town for you, it's coming down for you and me

I know you're trying to get by and you don't seem to
care
The way you pretend not to look as your hand falls
through your hair
Well I just wanted to say sorry I don't mean to stare
Something tells me I'm the only one around for you
In this town for you, it's coming down for you and me

I'm the only
I'm the only
I'm the only
I'm the only one
I'm the only one
