Got a message on the phone
She said let's meet I'm all alone
Do you want to see me die
Would you please stop by

She knows I follow her around
Ever since she came to town
She dreams about me in her sleep
I feel it's something she can keep

Let me down
Walk around
See me cry
So let me die

Solo

My friends stop to ask me why
They don't want to see me die
If you follow her home
She lives on the wrong side of the road

Let me down
Walk around
See me cry
So let me die
